

Note-taking view

Video output

Timeline view

The screenshot shows the 'Advène - Elephants Dream' application window. It features several panels:

- Video output:** A video player showing a scene with a man's face and a timestamp of 00:00:50.041.
- Note-taking view:** A 'Popups' window titled 'Note taking x' with a toolbar and a list of items including 'Générique', 'lézard', 'titre', 'reflet+visage', and 'tête'. A 'Timestamp marker' is indicated by a line pointing to the 'lézard' entry.
- Timeline view:** A 'Timeline x' window showing a multi-track timeline with tracks for 'Text annotation', 'Shots', 'Proog', 'Emo', 'Episodes', and 'Subtitle'. A vertical red line marks a specific time point. An 'Inspecteur' panel on the right shows details for 'Annotation a161' with a timestamp range of 00:00:36.618 - 00:00:50.041.

The screenshot shows the 'Accumulateur d'' application window, which displays a list of annotated video episodes:

- The elevator (Episodes):** Shows start and end timestamps (00:04:52.500 and 00:05:52.583) and a thumbnail.
- Safe room discussion (Episodes):** Shows start and end timestamps (00:06:59.416 and 00:07:48.999) and a thumbnail.
- Pushing the wall (Episodes):** Shows start and end timestamps (00:07:49.000 and 00:08:35.958) and a thumbnail.

 Each episode entry includes an 'Attributs' section with 'Début' and 'Fin' fields, and a 'Relations' section. The interface also includes navigation controls and a search bar.
